# ICE CLIMBER

Eight levels of ice and enemies are between you and the summit.

Jump up and use your hammer to break holes in the ice above.

Polar bears will push the floors down so climb quickly.

## A MOUNTAIN OF ADVENTURE

A formidable mountain of ice stands between you and the summit. Worse yet, a formidable host of arctic creatures think you are trying to steal their vegetables and will do anything to prevent you from reaching the peak. Reach the bonus round at the top of each mountain by breaking holes in the ice above with your hammer and knocking enemies off the mountain with your hammer. From level to level, mountain to mountain, Ice Climber is peak to peak fun.

Game Boy® Advance and e-Reader sold separately.
